Your goals for being a mentor:

Current Job Title:

Kansas University Dining Coordinator

ADA#

xxxxxx

\* You must be a KDA member to be a mentor

Primary Job Responsibility:

Support Staff: plan National Nutrition Month activities for residence halls, plan/complete monthly nutrition displays, provide basic training for full-time new hires and shortened version for part-time new hires, teach ServSafe class for supervisory/lead cook staff, coordinate a SHOWTIME internal training program for 100 best foodservice practices which recognizes units efforts and includes a self review and internal inspection component, plus other special projects, will be teaching a short nutrition class section this summer as a part of the Leadership Course KU Dining is offering to employees who are interested in being promoted within the organization.

Any comments:

We can provide observation experience in the dining units. The program can provide an overview of what KU Dining does in these areas (purchasing, management, dining marketing, cashiering, sanitation, daily work area duties, nutrition) from the support staff and directors point of view as well as observation in work units for daily workings (purchasing, management, cashiering, sanitation, work station setups/work, nutrition in the work setting, recipe building/testing if needed). If someone comes this spring, can do a small project/setup for nutrition month.
